Dear "Mule"

Just a line in haste to tell you I have just received a letter from Ruffin, asking me to send him fare so he can come to Newark Sunday. As a result I am sending him a money order. I assume you want him to come.

Next, if Mr Manley is not back by the time the game is over Thursday night, will you please telephone me Market 3-2641 and reverse the charges. I want to have some idea what time you will get in Newark so I will know what to do about collecting tickets I have out. If Mr Manley is back, ask him to call me. If he is not please do this for me. Find out first what time the Ferry leaves, and if you will leave after the game Friday, or if you have to leave Saturday morning.

The schedule calls for Portsmouth the 4th and Newport News the 5th.

Cap told me only three men wanted rooms. If anymore want them you had better wire me.

I hope things are coming along alright. If our pitchers come through, we should do alright. We have enough hitting to win with good pitching I think. I am sure we will have a nice crowd if we have good weather.

Tell Dandridge I have his stocking, but didnt send it because they were away. If he can find one in Richmond tell him to get it. They are carried in all good drug stores. I will pay for it if he can find one.

Very Truly

Effa Manley
